

Passport has been upgraded on 1 August 2020 and has a range of new powerful features for your industry

Cardholders

Your card will continue to work and can be checked by card checkers. You can also get a Passport virtual smartcard loaded into your mobile if you would like, so you don't need to remember to bring the physical smartcard with you.

Contact your Passport Administrator (at your employer company) to request this.

Card Checkers

If you're a card checker, you need to install the new version of the app to continue checking cards. There are a few other small changes too.

Get the new app installed:
